Helping the disabled, elderly, and other transportation disadvantaged populations with their transit needs is the core of our operations. Whether we are providing trips to work, school, medical appointments, special programs, or social activities, every trip is important with MTM Transit. Established in 2009 by the leadership of Medical Transportation Management, Inc. (MTM), every year, MTM Transit provides more than 1.5 million trips in 12 states. Through our wide variety of services, we are proud to offer viable solutions that help public transit agencies connect a community's transportation options in an effort to increase fixed route utilization, reduce costs, and remove community barriers:

- Paratransit and fixed route operations
- Shuttle and microtransit systems
- Student and special needs transportation
- Eligibility assessments
- Travel training  
Third-party quality assurance

From utilizing mobility management tools like assessments and travel training to promote public transit ridership, to fully managing the operation of fixed route and paratransit services, to overseeing quality assurance for multi-vendor transit systems, MTM Transit can help solve even your toughest challenges.
